To whom it may concern.

I am writing in relation to the draft plans for the Preston Market precinct ‘ upgrade’

Please find another way to make your money.! Leave our market alone! I have been coming here since I was a little girl travelling from Northcote on the train with my then grandparents. It was a weekly ritual and I renewer these times fondly.

Now that I am an adult and living virtually around the corner, I take great pride visiting the market weekly, sometimes twice weekly
to do my shopping. I sit and have a coffee and it brings back memories of bygone days.

You replace this market and develop with terrible apartment complexes that are complete eyesores and you are ruining an entire suburb and surrounds.. the Preston market is so well known not just in the northern suburbs but far and wide. It is iconic and irreplaceable with these new buildings you are proposing and will lose its importance in our lives and the lives of our children.

Please do not touch our Market. Find somewhere else to invest and make your money. It’s seems to be all a iur money and nothing more. .. Nothing is sacred these days honestly. We struggle to hold on to what we have had for years .. tradition tradition tradition and it can never be replaced.

Save our market.. please I beg you.

Kind Regards
