

RIVERDALE PRECINCT STRUCTURE PLAN (1091)

STATEMENT FROM WYNDHAM CITY COUNCIL IN RELATION TO NORTHERN COMMUNITY PRECINCT

Wyndham City Council owns land at 1160 Sayers Road purchased for the primary purpose for providing major recreation and community facilities, generally consistent with those provided within or adjacent to activity centres.

Council has secured significant funding from the Commonwealth Liveable Cities Program to undertake structure planning for this land, with a focus on delivering transit orientated development and environmental best practice. Work on this has recently commenced.

Council wishes to see this work influence both the Precinct Structure Plan and the urban design framework and such work should be progressed concurrently.
