Subject: Amewndment C234, Cardinia Shire Council

To Whom it may concern

We strongly suggest that as a matter of urgency, that steps should be taken to immediately impose an Interim Vegetation Protection Overlay over the whole of the land within the proposed area for development. We have already seen in the past 3 months the total demolition of a building that was proposed to be included in a Heritage Overlay (140 Ryan Road, Pakenham), all of which took place in one day together with the destruction of many valuable trees. Until such time as the amendment is finalised and out into place, this may help to protect existing vegetation as there is no VPO over the land (save for a small portion on the east side of Ryan, south of the Princes Highway. We may make a further submission after we have had time, but we think the above is urgent.
