Hi James & Stephen

Thanks a lot for the communication re: Craigieburn West PSP, it's very exciting for us in the adjoining Aspect Estate as we have very little facilities near by. The document was well designed too.

Our one and only piece of feedback we needed to share is our concern of traffic on Mickleham road. It's already horrible just 4-5 years into living in this area. I understand this is due to the boom in suburbs to our north - Craigieburn, Mickleham, Kalkallo and so on. We believe that Mickleham Road needs to be duplicated (2 lanes each direction) prior to any proposed developments north of our estate.

I have no doubt you'll be flooded with the same feedback and possibly it's beyond your control but your voice within the government around this PSP will be heard I'm sure.
