Having reviewed the framework plan (Bannockburn Growth Plan) the land area along Harvey Road has been identified as "future industrial expansion".

This land is a farming zone, it incorporates my family residence as well as the adjoining residential properties also on small acreages. The current industrial zone already creates excessive noise from machinery and vehicle movements and this this proposed change will also increase the noise issue. A more appropriate location would have been across the Bannockburn-Shellford Road where there are no properties, houses or people affected.

I have lived here for 35 years and strongly object to this land being re-zoned industrial.

I also object to the VPA fast tracking of this re-zoning through the COVID pandemic - there has been little if any consultation with the affected residents possibly due to the COVID

isolation requirements enforced as of March 2020. and full and open community consultation is essential -this has not occurred to date.

I am available for further discussion if required.

I confirm that I have read and agree to the above conditions for making a submission.

Yes
