Hi Lydia,

Please register as a submission.

Thanks

Hi Emily,

Concerning the indicative connector road running through our property at [REDACTED] in the South West Precinct of the Bannockburn Growth Plan, as mentioned in original email. We would prefer not to have this road running through our property at all. If this connector road needs to run through our property, we would prefer it to be at the rear of our property at the rear boundary of [REDACTED]

Regards,
[REDACTED]

> The road layout in the Bannockburn Growth Plan (Growth Plan) is indicative and will be refined as part of a more detailed planning process, in the form of a precinct structure plan (PSP). As outlined on page 43 of the Growth Plan, the PSP for the south west precinct is not proposed to be prepared for 5 - 10 years. Once prepared the PSP will guide subdivision of the land within the south west precinct, to support this future subdivision connector roads will be required to be constructed.

> I am writing in concern about a connector road in the South West Precinct which is listed on the frame work plan running from a proposed new intersection on Harvey Road, near transmission lines, through to another proposed intersection on the Bannockburn Shelford Road, running parallel to Old Base Road. Would like more clarification on where this road is actually going to be running through and what it's intended to be used for?
