Subject: FW: FINAL PUBLIC CONSULTATION ON THE BANNOCKBURN GROWTH PLAN AND DRAFT AMENDMENT TO THE GOLDEN PLAINS PLANNING SCHEME
Date: Wednesday, 4 November 2020 10:01:04 AM

I received the below submission from a community member regarding the Bannockburn Growth Plan. Could this be recorded as appropriate please?

Thanks,
Crystal

Subject: RE: FINAL PUBLIC CONSULTATION ON THE BANNOCKBURN GROWTH PLAN AND DRAFT AMENDMENT TO THE GOLDEN PLAINS PLANNING SCHEME

Dear Crystal,

I have received a letter from VPA regarding the final public consultation on the Bannockburn growth plan.

From our point of view, it will be great if:

1. It will be great if **a passenger train service** on the Geelong-Ballarat rail line via Bannockburn plan can be realised. I heard that many residents of Bannockburn work in Melbourne, this including me. However, it would be great if the train could depart from Melbourne and end in Bannockburn.
2. I want to know whether **a shopping mall** can be expanded or newly built. Many local residents are looking forward to a new shopping center. If we see this will happen in the next five to ten years, that would be great. A shopping mall with a unique bee design? Bannockburn honey is good! This will help locals have the opportunity to rent the place and start some business. Good for business growth! If possible, to raise the funds, maybe we can invite large supermarkets and discuss cooperation matters together. They may get free leases for many years. In return, they carry out construction... Or, maybe federal budget? Because Bannockburn is important for Golden Plain Shire. And, it is important to grow Agricultural business. Agricultural business is important for Australia export market. So maybe we can get some funding?
3. Will be good if we could have **a university campus**?

Just few ideas here and,

Best Wishes,
