Subject: Lilydale Quarry Comprehensive Development Plan

Follow Up Flag: Follow up
Flag Status: Flagged

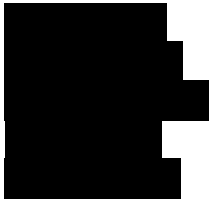

Good morning,

Im writing in regards to the plans for the development of the Lilydale quarry site.

My main concern with the proposal is how it addresses the current traffic congestion at the intersection of Hull and Mooroolbark Rd's, this intersection already suffers at peak times and adding a further 3000 homes worth of traffic is going to make.

How is the development going to address this issue to ensure the added traffic dosent worsen this problem?
Im sure the addition of a rail station would help but the plan states that there is no formal commitment to this.

Look forward to hearing back.
