Write your submission

Are there any plans for a widening or replacing the rail bridge at Hull and Morroolbark Rds? The plan mentions works to bridge and intersection, but no detail, it is already a very congested intersection in the morning and afternoons, with traffic regularly backed up to Summerhill Park Drive on Hull Rd and well past Nicholson Ln on Mooroolbark Rds, with the increase of traffic, this major choke point will be even worse, The developer's, state government and the council will all be making a lot of money out of this development , but it appears the current residence of the area, are not considered at all,

I confirm that I have read and agree to the above conditions for making a submission.

Yes
