

## STREAMLINING FOR GROWTH 2020-21 GRANT PROGRAM: APPROVED PROJECTS

---

### Regional Councils

- **A sustainable vision for Hepburn's five townships (Hepburn Shire Council) (\$20,000)** a land supply and demand analysis needed to inform the structure plans for Hepburn Shire's five main townships: Clunes, Creswick, Daylesford, Glenlyon and Trentham.
- **Bacchus Marsh Town Centre Structure Plan (Moorabool Shire Council) (\$115,000)** a plan that ensures the town centre has a planning framework to accommodate the significant growth.
- **Corryong and Bellbridge Structure Plans (Towong Shire Council) (\$180,000)** a master plan to expand residential and employment opportunities for the 2019-2020 summer bushfire affected area.
- **DCP/ICP Software 2.0 (Cardinia Shire Council) (\$120,000)** a new software package that includes additional functionality of a mapping system and as-constructed data for planners, engineers and developers access alike.
- **Development Contributions: Software Gap Analysis for Regional Victorian Councils (Wodonga Council (joint)) (\$80,000)** an assessment of available DCP software management systems to manage all financial and critical administration statutory requirements for DCP.
- **Development Contributions Plan Review (Drouin and Warragul) - Major Intersections Review (Baw Baw Shire Council) (\$285,000)** a review of designs and costs for 14 intersections in the Warragul and Drouin PSP/DCP areas and coordinate design approval from Department of Transport.
- **Huntly South East PSP (Greater Bendigo City Council) (\$50,000)** a PSP to facilitate the timely delivery of residential land integrated with the proposed Huntly train station completion.
- **La Trobe Street Saleyards Precinct Urban Renewal Project (Ballarat City Council) (\$160,000)** a plan which identifies new community assets, plans for a new western gateway to the city and unlocks key development sites.
- **Rockbank North Major Town Centre Urban Design Framework (Melton City Council) (\$150,000)** a plan to facilitate the delivery of key services to provide for significant local employment opportunities.
- **Unlocking Rural Tourism Report (Bass Coast Shire Council) (\$100,000)** a report of recommendations on how to remove barriers and encourage tourism investment.
- **West Sale Industrial Area Development Plan (Wellington Shire Council) (\$35,000)** a plan as required by, and prepared in accordance, the West Sale Industrial Area Development Plan Overlay.

## STREAMLINING FOR GROWTH 2020-21 GRANT PROGRAM: APPROVED PROJECTS

---

### Metropolitan Councils

- **Caulfield Station Precinct Structure Plan (Glen Eira City Council) (\$200,000)** a PSP and planning controls (and background technical work) to provide a vision, objectives and actions to guide future land use and development.
- **Coordination and implementation models to deliver growth and development to central Dandenong and strategic precincts (Greater Dandenong City Council) (\$80,000)** an options paper to identify, review and develop new models for the coordination/implementation of development opportunities to grow central Dandenong.
- **Frankston Metropolitan Activity Centre Structure Plan Implementation and Delivery Plan (Frankston City Council) (\$100,000)** a plan to guide early delivery of infrastructure by preparing concepts for housing and strategic investment sites, planning scheme provisions and active travel infrastructure plan.
- **From PSPs to Subdivision (Mitchell Shire Council) (\$100,000)** review Council's current processes to ensure effective implementation of PSP, DCP and ICP in designated growth areas.
- **Green Street Engineering Design and Construction Manual and Infrastructure Design Manual Project (Casey City Council) (\$50,000)** a technical report of revised drawings and specifications to provide for tree-canopied street designs for incorporation into the EDCM and IDM reference documents.
- **Growth Area Infrastructure Contributions Management and Infrastructure Prioritisation Tool (Whittlesea City Council) (\$170,000)** a tool to augment existing contribution management systems to map population forecasts and plan for timely infrastructure delivery.
- **Hampton Park South Planning Scheme Amendment (Casey City Council) (\$253,000)** the implementation of the Hampton Park Development Plan and Hallam Road Hub Plan strategic plans.
- **Hume City Council - Planning Permit Conditions Review 2021 (Hume City Council) (\$50,000)** a set of standardise permit conditions to reduce inefficiencies and inconsistencies and ensure 'fit for purpose' and enforceable planning permit conditions.
- **Neighbourhood Activity Centre Framework and Action Plan 2020 (Stonnington City Council) (\$150,000)** a 20 year land use and development framework for 17 of Stonnington's smaller Neighbourhood Activity Centres.
- **Nunawading MegaMile (East) and Mitcham Structure Plan Revision – Phase 2 (Whitehorse City Council) (\$100,000)** a plan to guide land use, built form, public spaces and access within the centres.
- **Urban Renewal in Greyfield Precincts (Maroondah City Council) (\$152,000)** the 'Greening the Greyfields' strategy, guidelines and governance model to develop a precinct-wide approach for urban renewal in the established middle-suburbs in response to Plan Melbourne Action 23.
