The proposed changes to Preston market are completely inappropriate for the site and community. The market is a commercial region and can not support further housing. The road access and surrounding facilities can not support increased traffic or population. The community has significant numbers of elderly and disabled that require easy access and parking which would be severely degraded by the proposal. High rise buildings will destroy the character of the area and is not appropriate for a suburban area. The proposal also fails to take into account changes in population growth and land usage following COVID.

**I confirm that I have read and agree to the above conditions for making a submission.**

Yes

**I agree to the Collection Notice**

Yes
