I oppose this plan. As a resident of the area for 30 years, I have seen the area change from adequate, open community to over populated mess.

Eyesore high-rise apartments filling the suburban skylines and overshadowing local homes.

These buildings have created a lack of parking in residential streets for homeowners by overcrowded dwellings with little planning and inadequate in-building parking.

More trash has been left behind in the streets and sidewalks ever since these monstrosities have been allowed to be built. From the builders, to the rotation of tenants that these buildings have, tossing their hard-waste around the suburb with every move.

The over population has seriously congested our roads, making bottle necks on the likes of

Plenty rd, High st & St George's Rd, driving traffic into once quiet residential side streets for those seeking a route to simply get to the next suburb over.

Do not allow further disruption to our great suburb by allowing this plan to go ahead! It needs to be downsized considerably or scraped to just a market renovation/upgrade, which we can all agree on.

This plan must be beneficial to the community, not to fill the accounts of these millionaire developers making millions of dollars at the detriment to our beloved community.
