Subject: Preston market proposal
Date: Friday, 2 July 2021 8:16:15 AM

Hello

I'd like to express my horror in the proposed plans for the Preston market precinct.

I'm in my 30s and I've lived in the area my whole life. I regularly shop, eat and socialize at the Preston market precinct.

I proudly invite friends, family and colleagues to meet me there for coffee catch ups and everyone who I proudly introduce to the market loves it. There's nothing like it in Melbourne.

The proposal will result in a complete change in character, look and culture of the market. It will impact on jobs of the long serving traders and will stop attracting the locals and beyond who love the market so much.

I'd also like to point out the increased car traffic this will bring to the area where lots of families with young kids come to experience life.

I'm also concerned about the effect this will have on the Cramer street oval which is a lovely, currently light filled, sports ground which is emblematic of the Preston community. The proposed towers will cast literal shadows on the much loved oval.

Covid has taught us how critical community and culture is to our humble humankind, please don't prioritize high density apartment towers over this.
