Write your submission

I vehemently oppose the construction of high rise apartment towers on the site of the Preston Market. The density of the residential housing would put a huge strain on the surrounding roads which are already choked with traffic. The high rise towers would overshadow the beautiful Preston oval, and completely change the character of the Preston market. Preston Market is the last of Melbourne's markets that hasn't been gentrified, I would like to see it retain its current character.

I would like the redevelopment of the Preston market to:

- > Protect the market as an affordable, open-air fresh food market and vibrant, multicultural community hub.
- > Provide 18% green space in line with the green space needs identified by Council for the area.
- > Provide plenty of places for bike parking and bike access.

>Be a carbon neutral development, with all-electric with fossil fuel free energy, solar panels, battery storage and a microgrid.

>Ensures waste reduction and reuse policies are implemented.

I confirm that I have read and agree to the above conditions for making a submission.

Yes

I agree to the Collection Notice

Yes
