I have lived in Darebin for 13 years and have always used the Preston Market. I value it as a community hub and a place for affordable fresh local food. I am devastated about the plan to build such an enormous development on the site, losing the community and heritage aspects of the market and squeezing an absurd number of apartments into the site, with no thought to the community and environmental impact. I call for a redevelopment that:

- Protects the market as an affordable, open-air fresh food market and vibrant, multicultural community hub.
- Creates liveable, medium-scale housing for the site and includes affordable housing for low income families.

- Is a nation leading carbon neutral development, all-electric with fossil fuel free energy, solar panels, battery storage and a microgrid.
- Ensures waste reduction and reuse policies are implemented, and green bins are provided for households and commercial food composting.
- Provides 18% green space in line with the green space needs identified by Council for the area.

Please consider the future of our community and environment and change the proposed development to include all the above.

**I confirm that I have read and agree to the above conditions for making a submission.**
