I can understand the need for some development in Preston and the potential for improvements to the Preston market but to propose such an intrusive development creating so many residential apartments is just highlights the greed of local developers who are only concerned for their monetary pockets. The amount of traffic already around the markets during open hours is very congested, let alone when you add a football game at the Preston Oval, to suggested adding so many more residents, which equates to even MORE vehicles into the same area is very poor planning. The height of the proposed new apartment buildings is completely intrusive and will destroy what we all love about the Preston Market and our suburb. It's uniqueness is what we love about Preston Market and this new development has no regard for this.

I confirm that I have read and agree to the above conditions for making a submission.
