I am a Darebin resident who regularly uses Preston market and I am writing to support the submission by Darebin Council, that requests that the Preston market redevelopment:

- Protects the market as an affordable, open-air fresh food market and vibrant, multicultural community hub.
- Creates livable, medium-scale housing for the site and includes affordable housing for low income families.
- Is a nation leading carbon neutral development, all-electric with fossil fuel free energy, solar panels, battery storage and a microgrid.

- Ensures waste reduction and reuse policies are implemented, and green bins are provided for households and commercial food composting.

- Provides 18% green space in line with the green space needs identified by Council for the area.

This is a long term investment into the future of our community and it's legacy will affect generations of Victorians. It is essential the Victorian government gets this right.

I confirm that I have read and agree to the above conditions for making a submission.
