I object to the current proposal for the future redevelopment of the Preston Market.

My reasons are as follows:

- the draft plans fail to protect what is special about the Preston Market and risks turning it into another similar shopping mall
- the proposal fails to protect the social, economic and cultural functions of Preston Market
- the proposed development density and heights fail to achieve best practices principles of urban design
- the current draft plans include a MASSIVE number of apartments, higher than the rules for the largest renewal project at Fisherman's Bend
- new housing should clearly support the State Government's commitment to zero carbon by 2050.

I fully support the Darebin Council's submission on the Preston Market Planning Framework.

I confirm that I have read and agree to the above conditions for making a submission.
