Write your submission

I strongly oppose the planned development on the preston market site. This proposal is an overdevelopment of the area. Adversely will cause additional traffic congestion to an already congested area. Market days already cause enough problems without the addition of several high rise apartment blocks. Accessing the market will even be harder given that this proposal does not address the car park issue the market already faces. In addition to market users the guests of these apartments will also be utilising this car park which will mean accessing the market will be harder. Can't foresee the market surviving if it loses it ease of use. Use of preston train station will also be impacted and accessing this line will be affected greatly given the dramatic increase in the population in this area. Terrible plans do not support these at all.

I confirm that I have read and agree to the above conditions for making a submission.

Yes

I agree to the Collection Notice

Yes
