To whom it may concern

I'm not far from the Preston Market, i have lived here most of my life.

I believe...

The Preston Market should NOT be moved, it SHOULD remain where it is!

It also SHOULDN'T be built on top of either!

The plan doesn't look like an attractive community space and the market will be overshadowed.

Having a 'Transport' street will just FORCE traffic down residential streets to avoid the traffic jams.

Where is the art, community gathering spaces and sky?

We will lose the cultural and heritage significance in the heart of Preston!

There are many that come from afar to experience all this.

Those who live around the area, it is a place of value and love, a community who stick together.

It is also a great place for those to sell their property as every realestate person has advertised the Market.

There Shouldn't be anymore apartments built in or around the Preston Market as i believe this is turning into the city.

We are a suburb and building higher apartments or buildings isn't making the atmosphere a suburb!

Please save the Preston Market!

Kind Regards
