I live in a 5 storey complex on Murray Rd. with 133 apartments. We find it difficult to get in and out of our building, particularly at peak hour.

Using my building as the formula e.g. 133 apartments per 5 storey.

The Preston Market PlanSite seems to incorporate at least one 20 storey building and two 16 storey buildings which not including anything else would result in 1200 apartments minimum, with 2400 cars.

This is NOT including all the shops, retailers etc.

The traffic will be a hazard to the health and quality of life of people who reside here.

Equally important, there seems to be no consideration of Covid 19 and the petrie dish affect to which high density living lends itself. Hotel quarantine being a great example of what happens when you put a concentration of humanity in one building with a virus.

Preston deserves better than this.

I strongly oppose the overdevelopment of this site.

I confirm that I have read and agree to the above conditions for making a submission.
