The Minister's proposal is developed from the view that Melbourne is an amorphous mass and the government will impose its will on the urban structure without respecting the character of different precincts and needs of different communities. That would be fine if the Metropolitan Area was established a one planning unit but it is not, it is established as a number of planning units lead by respective Local Government Authorities who in turn have regard to the unique cultural, economic, character and community needs. It is therefore imperative for the Minister to respect and give greater weight to the Darebin City Council views rather than respond to the will of rapacious developers.

**I confirm that I have read and agree to the above conditions for making a submission.**

**I agree to the Collection Notice**
