I believe that more images of an artist's impression of the proposal would be valuable in getting feedback from respondents to this survey. The images in the document do not provide any real sense of what the place will look like.

Concerns:

HIGH RISE BUILDINGS

Why have a 20 story building in the Plan? Can planners be more innovative about housing so that we don't have high-rise buildings spreading all over Darebin?

PARKING

Offering parking at the same level as now is going to create a problem of access for shoppers who come to the market in their cars. The new site will attract more shoppers than

the current old, sad lackluster market. So getting a park will be near impossible at the new site. BE AWARE that not everyone is young, fit, and able-bodied to ride their bikes loaded up with produce, or able to carry and lift their bags of produce on or off a bus, or a train. Many of us HAVE SOME FORM OF PHYSICAL LIMITATION which means we need to use our cars to shop! (We're not 'disabled'. We are just not able to lift or carry our shopping any distance). How about adjusting your plan to take into account ease of access for the many Darbin residents who will need to park their cars at the market to shop. Your current Plan clearly states "future car parking to be provided at a rate that discourages private car use to avoid congestion and encourage alternative transport options.". THIS IS UNFAIR TO THOSE OF US WHO CANNOT ACCESS THE MARKET TO SHOP BY BUS, TRAIN, BIKE, OR WALKING!

I confirm that I have read and agree to the above conditions for making a submission.
