Having received the planning documents, I'd like to register my opposition to the plans.

The heights of the proposed towers are massively out of scale for the area

The complete removal of the entire market to put in a food court/supermarket

The inability of Murray and Cramer streets to cope with current traffic

The lack of parking in Preston to cope with another 2,200 residents, combined with removal of the largest car parking area in Preston shopping areas.

Building towers in the narrow strip between St Georges and the new sky rail.

This project looks to create another Docklands of empty student apartments, not sustainable and affordable housing. The attempt to 'Fast Track' this in opposition to both the local council and market owners is likely to be futile.

I confirm that I have read and agree to the above conditions for making a submission.
