This plan shows property development greed at it's peak. I absolutely object with the amount of housing proposed for the market and the market relocation to Cramer st. The VPA ought to be ashamed to be so in the pocket of greedy developers that they would destroy the jewel in the crown, and frankly, the only thing left that draws people to High St in Preston. What happens when all these residents start complaining about the smell and noise from the early morning trucks at the market? They will get priority over the market and the market will cease to be. Plus I'm sure relocating the market will mean that the small traders who have been there years will be pushed out by the cost. It'll end up being a mockery of the current vibrant market, which should be heritage listed and protected in it's current form. I strongly object to this plan and I simply don't understand why so much accommodation is needed on that site. There are plenty of other sites that can and should be used instead of one to supply fresh food in the northern suburbs. Please don't do this, there has to be a better

solution than this, less housing and leaving the market where it is.

I confirm that I have read and agree to the above conditions for making a submission.
