I believe the proposal to construct several multi storey apartment buildings in the existing Preston Market will:

1. Destroy the amenity of the area, this area is surrounded by smaller buildings, multi level apartments is not fitting with the surrounds
2. Destroy the amenity of the market - the Preston market is a bustling community hub, it should be expanded to include more open space and market stalls and creative hubs, a food truck park etc, not units.
3. The area cannot support this volume of people - the traffic on High Street and Murray Road is already horrendous, bringing this volume of housing into an already stressed area is going to put strain on the community and reduce the number of people that will travel to the market to shop.

I confirm that I have read and agree to the above conditions for making a submission.
