I am writing in regard to the proposal for multiple high rise apartments to be erected around Preston Market Precinct. I would like to note my absolute opposition and objection in this instance to the proposed plans.

My name is [REDACTED], I am [REDACTED] years old and have been living with Multiple Sclerosis for many years.

I am also the Owner of [REDACTED] since April 2020. It was only after very careful consideration of the area, I purchased an apartment on Clinch Avenue, Preston where I happily reside. I have made many modifications to the apartment that were very costly in order to make my life more comfortable and to also maintain my independence as you can imagine the challenges MS presents. As I am wheel chair bound, access to

amenities was paramount. I have the Station, supermarket, chemist, Preston Market and so much more at my doorstep. My position is one of convenience, safety and ease.

My concern is with your proposed new infrastructure to house so many more people presents many problems. There is an exorbitant amount of people that frequent the area currently. The traffic conditions are already extraordinarily overwhelmed and would not be able to withstand such a high demand of new residents in such a small proximity.

Another factor for me is one of safety, as I navigate the area in my wheelchair, the increase in population and traffic would make it near impossible for me to access comfortably and most importantly safely the facilities in the area. Living alone I have to be vigilant about my safety and well-being.

Your proposed apartments encroach significantly on my ability to maintain ease of living and safety. The impact on my quality of life would be enormous if it went ahead.

I am one of many residents in the area who enjoy and love it, I therefore hold a very strong view in wanting to maintain the area as it is.

I strongly urge you to reconsider and find a more appropriate place to build such complexes where it is not impeding on so many existing happy residents.

Thank you for your time.

I confirm that I have read and agree to the above conditions for making a submission.
