As a resident of this area, I do not approve of this proposal. Due to the impact of the epidemic and the current national policies, I don't think Melbourne's residential population will increase significantly. Do we really need to use a mature and convenient market to exchange for some almost vacant apartment buildings? I have lived in this area for more than ten years. My neighbors and I are used to the entire market. There are shops and convenient facilities that we are familiar with. Based on all the conveniences of this market, we bought real estate and arranged our own lives. We do not need to build more apartment buildings in this place, nor do we need more greening facilities. We need a big market that is conducive to our daily life and buying some fresh food.

**I confirm that I have read and agree to the above conditions for making a submission.**

Yes

**I agree to the Collection Notice**

Yes
