I'm writing this submission as a trader in High Street Preston. Our pharmacy at [REDACTED] Street is roughly in the middle of [REDACTED]. We are fortunate enough to have a walkthrough to Preston Market from our store to High Street and this serves our customers well. This walkthrough is used by many people including council workers and police members as a shortcut from High Street to the market and vice versa. During this pandemic it has been extremely difficult to limit this walkway to our customers only. This has been implemented for the safety of our staff and customers and for contact tracing purposes. We have been sworn at and treated badly for not allowing people access through our store. The only other public thoroughfare from High Street to the market is through the dingy and outdated arcade at 417 High Street. It is imperative that the proposed market update has proper public access to and from High Street.
