I'm a local resident I welcome an upgrade to the Preston Market, it's a place where my family and I have spent a great deal of time. We love the fresh produce and have got to know a lot of the local traders. To make it more accessible and open will be a bonus for a facility that perhaps needs some visual improvement.

My concern is that the number of proposed dwellings will put a strain on local infrastructure. There is already a great deal of traffic passing along High Street through the heart of Preston and I'm concerned that the proposals will add to the increasing gridlock. Further to that as a growing suburb there is already a stretch on health services, getting an appointment with out family doctor can mean waiting a week to get an appointment. Will there be significant investment in that area to ensure the needs of the community are met.

Thanks
