I do NOT agree with this plan.

The Preston market is such an important part of our community and I fear that these plans will change it for the worse.

Yes the market needs a renewal and Preston definitely need more affordable housing but this is not the way.

20 plus stories is too much. Preston is still a suburb it is not the inner city and sky scrapers will make it feel like we are in the city.

Im worried about the lack of parking available. Where are the thousands of people that this plan seems to be thinking are going to be living and working in this small area meant to

park?

I work across the road at the supermarket and already there are people using the supermarkets carpark without visiting the actual store.

Preston is a lovely suburb that I have lived in for my entire life and it is the green spaces and openness that I love about it. I love being able to be close to everything I need with out being in the city. This plan will ruin that feeling.

Please listen to our community
