Thanks for the chance to have a say:

1. Interesting architecture: the CBD is dominated by uninteresting highrise, Docklands by blandness, design should reflect the North and West Melbourne with warehouse style accommodation and interesting human level retail. But please not blandness.
2. Railway station: the Station should not be swamped by surrounding buildings but should be seen from a distance. Maybe a tower could be added so it can be located easily? OR

keep neighbouring buildings low rise

3. Define Innovation precisely. It is unclear what it means.

4. Consider a specialist P to 12 government school, possibly science, music, performing arts.

5. New Open Space: other parts of Melbourne have gardens with interesting plants and design. Make the space Arden Garden, with botanical interest

Thanks

Ralph
