Thankyou for the opportunity to make this submission.

Pet ownership is common in North Melbourne and surrounding areas. This includes in residents from the Arden Gardens apartments. The history of Arden described in the Structure Plan makes mention of in '1913 The Temporary Home for Lost and Starving Dogs is officially opened by Her Excellency Lady Gertrude Denman, the wife of the Governor-General Lord Denman.' The popularity of the Clayton Reserve off-lead dog park is also described.

It is anticipated that there will be many dog-owners in the Arden development. There is no mention made of outdoor areas reserved for dogs such as off-lead spaces. One could assume that Clayton Reserve and the limited off-lead area of the North Melbourne Recreation Reserve are the areas within Arden that the planners will rely on for dogs to play with others.

I suggest that new off-lead areas be included within Arden. While Melbourne City Council may have plans to provide off-lead areas in surrounding suburbs this isn't referred to in the Arden Structure Plan and it should at a minimum.

I confirm that I have read and agree to the above conditions for making a submission.
