In the Arden Structure Plan I have not seen a plan regarding traffic management in the precinct and the surrounding residential area. With the accommodation of 15,000 residents and 34,000 jobs i would like to see a plan moving forward to managed increased traffic in the area particularly as Dryburgh St is a main arterial road carrying large 10 tonne plus b doubles. The impact will be significant and foresight now will avoid future congestion and gridlocks. A bypass or alternate routes need to be considered to divert non local trucks and cars from Dryburgh Street which is increasingly becoming a residential zoned area.

**I confirm that I have read and agree to the above conditions for making a submission.**

Yes

**I agree to the Collection Notice**

Yes
