I applaud the changes that have been made to the Arden Structure Plan.

Community space that can be used for a wide variety of purposes is the most critical aspect of the planned development.

The current space at the North Melbourne Recreation Reserve is good, but will not meet the future needs of the community. The space needs to be significantly extended!

The new Structure Plan also does well acknowledging the important role The Huddle plays in the community.

The Arden Precinct has to work for the community and it is vital that facilities with established links like The Huddle are given space to grow with the local population.

These were the main concerns I had about the draft Structure Plan – the lack of open community space, especially for games like soccer and football, and the lack of opportunity for The Huddle to grow with the community.

I love wandering down to the reserve to watch the men or women train, or play on a weekend, and love the connection the North Melbourne Football Club club has with this community - its great to see the players in local cafes after training.

A tangible link to a city's sporting and cultural heritage is crucial in establishing a maintaining the spirit of the community - the North Melbourne Football is this link.

Cheers. It will be wonderful to experience the precinct grow and develop.

I confirm that I have read and agree to the above conditions for making a submission.
