I'm against having this quarry built in wallan.

The traffic congestion in peak times going into wallan banks back onto the Hume now as it is. Add in the set of traffic lights that is just as you get off the Hume and it will be a nightmare to get home in peak times. Not only that it will also cause more accidents to happen due to cars blocking the Hume freeway for ongoing traffic. This issue should be at the forefront of your minds in your consideration, especially given the growing population in the Wallan township. Secondly, the dust that will be created from the quarry is substantial, not only in the air but on the roads too. Have you driven past a quarry recently? The roads surrounding are filthy. Wallan is a beautiful and clean township and we do NOT want a quarry built near our town. Please take into consideration what we the people want for once. Which is no quarry!

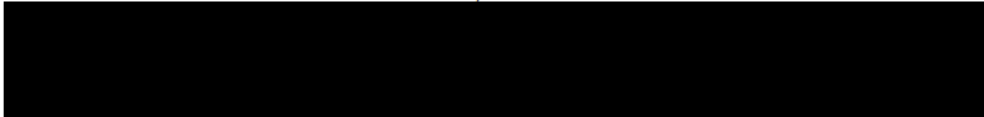

I confirm that I have read and agree to the above conditions for making a submission.
