I am opposed to this quarry as it represents health risks to close communities I don't believe the owner of the quarry cares about this as they reside in Kilmore and does not care about the people that will be effected locally. It's all about richer people getting richer at the expense of the local community. Also the traffic impact on the Northern Hwy with proposed traffic lights will result in longer delays for local residents and an accident waiting to happen. You need to experience this on a daily basis now so only local people know and not politicians sitting in an office.

**I confirm that I have read and agree to the above conditions for making a submission.**

Yes
