Write your submission

I do NOT want this quarry to go ahead. Based on statistics and findings of numerous reports and studies around this quarry proposal, it will not only bring ill-health affects to the local people of this amazing community, but it will also cause significant damage to local infrastructure (such as roads, houses due to vibrations, footpaths etc.) Not to mention, it will also scare away our local wildlife and bird species due to the ongoing noise and vibrations. The dust will damage personal properties and also the lungs of locals. It will cause traffic management issues as the quarry will be located on the MAIN entry/exit point of Wallan.. a road that is already in need of an update as it is already backlogged / overwhelmed. Beveridge and Wallan are the GROWTH corridor of Victoria (and regional Victoria.) putting a quarry in this spot will deter people from moving up this way, creating issues with local government funding (through councils) and a lack of resources/jobs, as there will be less people in these communities. This quarry will not create any news jobs as it will only bring people from the previous sites over to this one. I moved to Wallan to start my family in a happy, healthy and growing community; not a dusty, vibrating, let down community that has numerous ill fated health conditions (mental and physical) due to the catastrophic development of an unwanted quarry. I SAY NO TO THE QUARRY.

I confirm that I have read and agree to the above conditions for making a submission.

Yes

I agree to the Collection Notice

Yes
