Making a submission Form Submission

There has been a submission of the form Making a submission through your Engage Victoria website.

First name

Patrick

Last name

Farrell

Postcode

███

Are you making this submission as:

An individual

Does your submission relate to an address within the Beveridge North West precinct?

No

Email

████████████

Write your submission

The Beveridge precinct is planned to house a large population over the next several years. A quarry would significantly impact the health and safety of this area and neighbouring suburbs such as as Wallan. The area is extremely windy due to its altitude and hold significant water values that run south towards the bay and wetlands that have been damaged over the years and need to be fixed. I understand the need for quarries but, this if far from an appropriate/suitable place to place one. Health, especially asthmatics and families with young need to be considered. Instead of a quarry, the two swamps should be prioritised as well as a wildlife corridor to maintain the extensive migration birds, endangered platypus , kangaroos, echidnas etc... Please reconsider the position of this quarry to be away from the urban growth areas that, landowners pay so much to be part of (huge council rates, lack of regional parkland, lack of suitable open areas and wildlife corridors to seperate wildlife from peri urban areas).

I confirm that I have read and agree to the above conditions for making a submission.

Yes

I agree to the Collection Notice

No
