I strongly disagree with the proposed quarry in the Beveridge north west precinct. For several reasons first being living south of proposed quarry when north wind is blowing this will be a complete nightmare as dust will be blowing straight down on us not to mention the noise the extra amount of traffic on Northern highway plus our health and well-being . He would never of signed contract to build a house in the area knowing this was going to happen this is an out rage. I have worked in Quarrys pretty much all my life and if you think that dust and noise will not travel down into Beveridge south you people are absolutely crazy especially when northerly wind is blowing as I know from experience it will So stop the quarry

I confirm that I have read and agree to the above conditions for making a submission.

I agree to the Collection Notice
