To whom it may concern,

I am writing to OPPOSE the Quarry in wallan!!!

As a mother to an 18month old, im deeply concerned about the future of the wallan community in the long term with a quarry proposed SO CLOSE TO EXISTING CHILDCARES, SCHOOLS, HOMES. I moved to Wallan 9 years ago from Sydney to live in a semi country town commuting distance to the city, I do not want to live right near a quarry and see the long term negative impact to our way of living, with the increased traffic and loss of opportunity to use the land to add amenities, parkland to help our children grow.

1. The quarry will not supply jobs, they are bringing in mainly existing staff!
2. No financial benefit for local business at all
3. Land and, housing value will depreciate.
4. The local Mitchell shire council has opposed planning applications! This is alongside 1000s of residents who don't want the quarry! Please listen to the residents and not allow this!
4. Traffic into Wallan is already a nightmare during peak hours, add huge trucks to the mix. More traffic and accidents waiting to happen. Have you seen the traffic banked all the way back to the highway!

I have done lots of research and see absolutely no benefit of having a quarry at the proposed site.

We have been involved with the discussion from the beginning and opposed it alongside 1000s of residents. When it was first proposed, the company advised they would be relocating staff from other quarries to work at Wallan. As Yarra Water was against the quarry at the time due to soil erosion and water contamination.

Please listen to the local people who have created a beautiful town, our council and oppose this quarry. Think of the long term and preserve our suburb for future generations!
