I do not want the quarry in Mitchell Shire, it will increased traffic to a level that that the roads are unable to handle, and the rate payers of the council should not be exposed to the dust particles within the air.

My son attends Wallan SC, which is to close to the proposed site [REDACTED] - the extra dust particles in the air for all the students of the local schools will impact their health and is not acceptable.

The blasting would cause damage to the infrastructure of local schools, sporting clubs and houses. Also the noise that this will create will impact those near by.

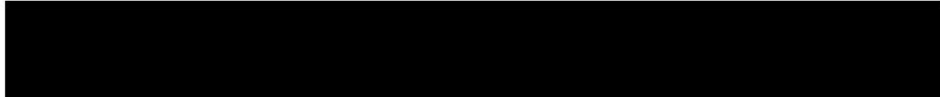

I confirm that I have read and agree to the above conditions for making a submission.

Yes

I agree to the Collection Notice
