I am a youth worker within the Mitchell Shire, in which I do some work from the Greater Beveridge Community Centre. I also know that most of Mitchell Shire, in particular Beveridge and Wallan, is going to experience huge growth in population. This quarry, in my opinion, is going to impact on the amount of facilities that will be able to be built in Beveridge. I believe that if there is not enough infrastructure for the community to utilise, it will increase crime rates within the community. This is especially true with in bored youth. Schools will also need to be built within Beveridge to accommodate the growing population. Thanks.

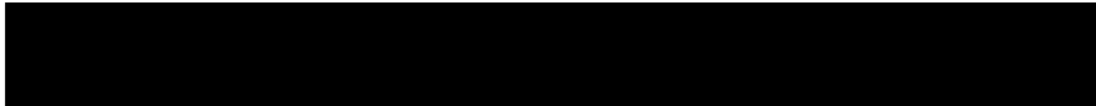

I confirm that I have read and agree to the above conditions for making a submission.

I agree to the Collection Notice
