I have lived in Wallan for nearly 25years and are opposed to the quarry. My reasoning is it is bad for the environment and animals who's homes will be stolen, the amount of pollution it will expel into the environment will only add to the green house gases which is ment to be getting reduced. Also our roads can not take the amount of congestion this will cause which in turn will cause road accidents as the build up of traffic is already on the Hume highway during peak hours which will mean loss of lives. The proposed location really is idiotic and the Victorian planning Authority has shown that by drawing up this plan which has been rejected by OUR council twice now they really don't care what the residents of Mitchell Shire want so I can only assume they must have some sort of gane by going against the residents who will have to put up with constant noise, dust, vibrations, congestion, health worries and housing prices reducing.

In closing it would be lovely if government departs actually did what they are ment to do, and that is serve the residents

**I confirm that I have read and agree to the above conditions for making a submission.**

Yes

**I agree to the Collection Notice**

Yes
