To whom it may concern,

i am writing to formally oppose the Beveridge North West draft Precinct Structure Plan. The quarry will add extra traffic to our already congested and damaged roads. single lanes in and out of Wallan are already struggling with the amount of vehicles. vehicles of local people who live in the area- plus the many travelling through. Adding more traffic will only add stress to the communities "Daily commute", with traffic backing up to the freeway off ramp.

The air quality will be reduced, noise pollution will increase and land value will decrease, negatively impacting many families and children in the area.

Animals in this area will also be impacted negatively, native, farm and domestic animals will be effected by the extra noise and are at a higher risk of being injured due to increased traffic.

There are many schools, sports clubs and day cares in the area. All of them will negatively impacted by air and noise pollution. Children will suffer long term health issues and may have to spend more time indoors for their own safety.

The dirt and debris will all impact the environment in the area. Constant construction/ excavation and runoff from the site will wash into our waterways, onto our roads and settle on our homes.

I do not want a quarry near my home, near my town, near the people in my community.

not now, nor ever,

signed,

Rebecca Walford
