First name

Alarna

Last name

Timmins

Postcode

████

Are you making this submission as:

An individual

Does your submission relate to an address within the Beveridge North West precinct?

No

Email

████████████████████

Daytime contact number

████████

Write your submission

Overall I think the plan seems suitable a few comments:

- I oppose the inclusion of a quarry in the plan
- A quarry should not be allowed, even if before the area grows, the growth will happen sooner than predicted like Mitchell has grown faster than all predictions over the last ten years and then the quarry will end up operating with houses around it which is ridiculous when there are many other suitable locations for quarry away from residential.
- Additionally, as a current resident of Wallan in the impacted region, when that land burns off each summer the smoke flows straight into Wallan, it would be beneficial to get studies of the impact of dust on the current town as Wallan is one of the windiest places in Vic and I suspect that constant dust will be an issue.
- Great to see shared paths on major roads
- Seems to be lacking open space and indoor open space the region already have extreme shortages with more population these needs to be catered for
- Plan vision mentions that visitors will be catered for but then not mentioned again throughout the plan. Do the roads, open space and toilets cater for visitors not just residents.

I confirm that I have read and agree to the above conditions for making a submission.

Yes

I agree to the Collection Notice

Yes
