I wish to voice my opposition to the proposed quarry between Beveridge and Wallan. Having considered all of the positions over the last 6 months , I would like my voice to be heard .

I have found deliberate misinformation and absence of detail regarding the plans and amendments that have been provided to the community in contrast to full transparent consultation and consideration of views of the community that reside in this location.

Beyond the immediate negative impact to the lifestyle that locals choose when they move to wallan district and broader Mitchell shire the impact to growth and economic and infrastructure development of the land between Beveridge and Wallan , will be significantly compromised by the quarry .

The growth in population in this area needs further infrastructure development in services for young families and the growing elderly population that the shire demographics show., and additional, roads and greater employment opportunities that a quarry will block for the many years ahead.

The shire will suffer significantly if the quarry progresses.

I oppose this development due to the numerous impacts on lifestyle in addition to the additional impediments that the will not be possible should the quarry proceed in this location.

Listen to the locals who live in this area and provide them the outcome they desire , conitnued rural lifestyle and alternative economic development.

Regards Debbie Mitchell
