---

Dear planners. I would like to lodge my STRONG OPPOSITION to plans for the pending development of the 175 Northern Highway Wallan quarry. I recently moved to Wallan and enjoy a quieter regional life alongside the openness and hillside views. To my way of thinking, it seems absurd to change the flow from city, through suburbs to regional by developing a quarry right before the regional tranquility.

I appreciate the need for quarries and the value and employment they bring, however I don't understand why this quarry needs to be developed in an area already developing for families. I did not move to Wallan to be impacted by dust, noise and trucks I know are byproducts of quarries and certainly would not have built my home if I had known this quarry was being developed.

I strongly support the council to continue to object this development and urge you to plan well away from residential growth corridors.

Regards,

**Debra Anderson**
