Hi my name is Laurence Dwyer, I've been a wallan local for almost 15 years, I live in

from where this quarry is ment to go that is closer to this quarry than my home, im a truck driver for a living and have a background in working in rock quarrys, but my main concern is the traffic on northern highway coming off the Hume, many days at peak hour the northern highway is so packed that I've had to sit on the shoulder of the Hume highway while cars and trucks zoom past at speeds of 100km+ im actually shocked that nothing bad has come from this but really it's only a matter of time before it does, putting traffic lights or any other system in place will create more problems than there already is, my 2nd concern is my home is in the blast zone, I will have to put up with the sound of the blasts and more than likely I will be able to hear the rock crusher while it's running 6 days a week, dust will also be a big problem, like it is for homes around the deer park quarry that's meant to be a dust free quarry, I don't want this on my back door, I don't want this for my family or the great group of neighbours I have living around me, thanks for taking the time to read my thoughts on this, thanks again Laurence Dwyer

I confirm that I have read and agree to the above conditions for making a submission.

Yes

I agree to the Collection Notice

Yes
