

My husband and I strongly oppose a quarry being allowed to open at this location. There has been significant increase in the population in this area with many new estates. Families have come to this area believing they are bringing their children here to grow up in an unpopulated environment. The installation of the proposed quarry will certainly diminish this with a great increase in dust pollution, noise pollution and not to mention the constant heavy vehicle traffic . clogging up the surrounding roads. Please do not allow this project to go ahead. Ray and Helen Bowtell.

I confirm that I have read and agree to the above conditions for making a submission.
